BIG DINNER TO PRINCE HENRY

Mr. Herman Ridder, of the New York Star, who is to give a dinner to the American press in honor of Prince Henry, expressed himself as being surprised and gratified at the large percentage of acceptances already received for the dinner. About 80 per cent. of the invitations have been accepted, and the two rooms used for the dinner promise to be so thronged that no extension of the list can be made.

Those who will be seated for the dinner in the extra room are to be seated in the main dining hall for the speeches, all of which will be in English.

Guests will sit down at 8.30. It will require about an hour to serve the dinner. The Prince must leave the hotel at 11.30 to catch the midnight train for Washington, so that there will be two hours for the introductory remarks of Mr. Ridder, the response of the Prince and the three set speeches of the evening. One of the speeches will be quite long. That of the Prince will be brief and to the point.

No expense will be spared by Mr. Ridder to make the occasion worthy of our foreign friends and of the country as well. The menu card is written in plain English, and the courses will excel in style, rather than in number. We quote the invitation and the menu:

HE WAS NOT DEAD.

While about to be carried away to a Chicago morgue on Wednesday upon the stretcher of the Harrison street police station patrol Charles Henderson, a railroad switchman, sat upright upon the rubber conveyance and remonstrated with two policemen who were carrying him. A few minutes before he was being mourned by many who knew him at the workmen's home. He ordered the police to carry him back to his bed on the second floor of the building, where they had removed him, while those who had been bowed with grief at the loss of a friend formed a circle about the stretcher and rejoiced. C. P. Williamson, manager of the home, had gone to Henderson's room early in the morning. The man had been suffering from tuberculosis and had shown little vitality in the night. Williamson intended administering medicine and serving Henderson with a light breakfast. He could not awaken the patient and his body was cold. Williamson immediately telephoned the police, asking them to send an ambulance, that if the body might be removed. As the policemen were jogging along toward the morgue they were terrified to observe the "corpse" rise and protest in a loud and angry tone of voice: "What are you fellows up to?" he demanded. "Lie down! You are dead," they responded. "Not in a thousand years," said the "corpse." "Take me back to my bunk right away," and the officers gladly complied.

Jews in the Holy Land.—A dispatch from London says the leaders of the Zionist movement anticipate important developments as a result of the visit of Dr. Theodore Herzl, of Vienna, president of the Zionist congress recently held at Basel, Switzerland, to Constantinople. Dr. Herzl was summoned to the Yild Palace by a special telegram from the Sultan, and is now negotiating with the latter for the acquisition of concessions in Palestine permitting of the unimpeded immigration and settlement of Jews there. Dr. Herzl's demands include a charter granting some simple form of home-ownership and opening the Sultan's crown lands to Jewish colonization. A representative of the Jewish colonization association, which was endowed by the late Baron Hirsch with a large sum of money, is also at Constantinople, which is taken to signify that the trustees of the Baron Hirsch fund are about to concentrate their resources upon Palestine.

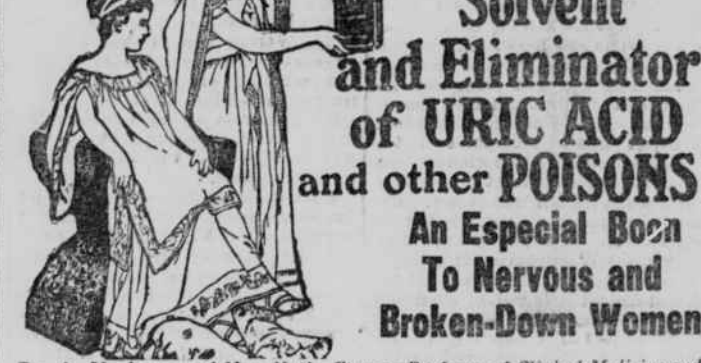

POLITENESS EARNS DIVIDEND.—Llewellyn Mason, a conductor on the Chicago and Alton Railroad, can testify that courtesy sometimes proves a profitable investment for a railroad man. In his early railroad days Mr. Mason in-

BUFFALO LITHIA WATER

The Great Solvent and Eliminator of URIC ACID and other POISONS

An Especial Boon To Nervous and Broken-Down Women

Dr. I. N. Love, of New York, Former Professor of Clinical Medicine and Diseases of Children in College of Physicians and Surgeons and the Marion Sims College of Medicine, St. Louis, etc., in Medical Mirror, February, 1901, says:

"Women who lead inactive lives, whose nerves are on edge most of the time, whose secretions are nearly always torpid, who breathe vitiated atmospheres, instead of being flattered into believing that they are victims of neurasthenia, and thus rendered chronic invalids for life, can, in the majority of instances, be relieved by a proper selection of diet, a stimulation of all the excretory organs, a life in the open country, the breathing of pure air, the indulgence in healthy exercise and proper massage, together with a liberal use of **BUFFALO LITHIA WATER** (the elimination of URIC ACID and other ACCUMULATED POISONS (which are oftentimes the most potent causative factors in their distress), far better than by codding and powerful drugging.

"In PREGNANCY the tendency is toward the ACCUMULATION of POISONS, which cause engorgement of the kidneys and pelvic organs, thickening of the blood and torpidity of the circulation, aches and pains and general discomfort, and oftentimes the intense and dangerous nausea and vomiting of pregnancy, and in some cases the conditions that accompany or precede the awful PUERPERAL CONVULSIONS, so much dreaded by practitioners; AND THESE POISONS SHOULD BE ELIMINATED.

"I have had several patients who * * * suffered from these unfortunate conditions, including PUERPERAL CONVULSIONS. Uniformly by attention to the hygiene of the patient, proper exercise, judicious diet, outdoor life, proper purgation, and keeping the kidneys flushed with **BUFFALO LITHIA WATER** day, they have escaped the affliction, and made rapid recoveries."

BUFFALO LITHIA WATER is for sale by Grocers and Druggists generally.

vested in a little of it, and the investment has just paid a dividend of \$1,000 in the shape of a legacy left him by the late W. A. Tyler, of Bloomington. When the will of the Bloomington millionaire was probated Tuesday, it was found to contain this clause: "To Llewellyn Mason I bequeath the sum of \$1,000 as a recognition of the courteous treatment accorded me while traveling on the Alton Road." Mr. Mason is over sixty years old, and has been a conductor on the Alton for nearly thirty years. Three or four times each year Mr. Mason carried the rich man between Jacksonport and Chicago, and later between Bloomington and Chicago, and he never once tired of the old man's questions.

How to Cure Croup.

Mr. R. Gray, who lives near Ames, Duchesne county, N. Y., says: "Chamberlain's Cough Remedy is the best medicine I have ever used. It is a five children's remedy for croup and never fails to cure. When given as soon as the child becomes hoarse, or even after the croupy cough has developed, it will prevent the attack. This should be borne in mind and a bottle of the Chamberlain Remedy kept at hand ready for instant use as soon as these symptoms appear. For sale by Richard Gibson, druggist."

THE LAST HEARD OF IT.

"My little boy took the croup one night and soon grew so bad you could hear him breathe all over the house," says F. D. Reynolds, Mansfield, O. "We feared he would die, but a few doses of One Minute Cough Cure quickly relieved him and he went to sleep. That's the last we heard of the croup. Now isn't a cough cure like that valuable?" One Minute Cough Cure is absolutely safe and acts immediately. For coughs, colds, croup, croupy, bronchitis and all other throat and lung troubles it is a certain cure. Very pleasant to take. The little ones like it. For sale by E. S. Leadbeater & Sons.

ELY'S LIQUID CREAM BALM is an old tried in a new form. It is prepared for the particular benefit of sufferers from nasal catarrh, who are used to so often in spraying the diseased membranes. All the healing and soothing properties of Cream Balm are retained in the new preparation. It does not dry up the secretion. Price, including express, 75 cents. At your druggist's or Ely Brothers, 56 Warren Street, New York, will mail it.
